

## Property Visits

---

### What has changed?

---

Property visits are now able to recommence.

We are prioritising properties where it is vital that a visit take place.

### What is a vital visit?

---

Instances where we suspect that damage or an unacceptable level of deterioration (beyond wear and tear) may be caused to the property.

If left unaddressed the occupier may be experiencing inadequate living conditions.

Take a look at our Company Policy to find out more.

---

To discuss any concerns regarding your property, please contact the Client Management team on 0118 960 1057.
